

# CERTIFICATE OF HEALTH

To be completed and signed by examining physician. Physician must not be a relative of applicant.

## To the Examining Physician (**PLEASE READ THOROUGHLY**)

You are asked to evaluate the physical and mental health of the applicant for the JET Programme. Participants of the JET Programme will be assigned for one year to schools or to local government offices in Japan. It is imperative that all participants be able to adjust to dramatic changes in climate, diet, and living conditions. Living and working overseas can also create **emotional** and **physical** stresses in response to the demands of living in a new and different environment. In some cases, mild disorders can become serious due to the stress of life and work in foreign surroundings. It is essential that your reply be based on a current and thorough physical examination and knowledge of the applicant's medical history.
